

November

Dear Parent(s)/ Guardian(s),

Here are some of the exciting things we will be working on in Grade 2 this month!

Literacy- We have been working on writing personal narratives. The students have been learning how to brainstorm big moments in their lives and sort their ideas into a beginning, middle and end.

Math- We have been learning how to compare, order and represent numbers to 100 using a variety of tools. The students have learned how to use number lines, hundreds chart, and ten frames to help them with their numbers.

Social Studies- We have been learning about different family types, celebrations and traditions. The students have been engaging in a variety of activities to learn more about their own families and other students in our classroom.

At Home Reading Program

Our At Home Reading Program has been working out great in our classroom. We now have a display board in our classroom displaying all the awesome reading that the students have been doing. Many students have got some great prizes from our treasure bin already. I encourage everyone to keep up the hard work!

There are many exciting things coming up this month in our classroom and around the school!
