

2018 Fall Indoor Soccer Development

We are excited to announce our 2018 fall co-ed indoor soccer sessions in conjunction with Coach Ali Popat of “Football for The World”. Ali has been working with many of our competitive youth teams for the past year, as well as our summer U7/8 development program. This collaboration will provide our Paris FC youth with a strong base in soccer fundamentals while also being a fun and interactive program.

Each session will consist of both skills development and small-sided games.

Register soon, as prices will increase after Labour Day (early bird registration is \$140), and space is limited!
