Our kindness club is for children in grades 1-8 and High School who are interested in carrying out a community kindness project once a month in Brantford. They will meet twice a month- one meeting to plan their project and the second meeting it to carry out their act of kindness! The club is open to kids of all abilities (although we don't have 1-1 support capacity- kids are welcome to bring a support person). The purpose of the club is to promote inclusion and acceptance while helping our most vulnerable community members! High school students are able to earn school volunteer hours. The club runs from October-June with the final project being the Unbirthday Party in July!!
