Business from Minutes:

- January 13 the Reality Store will come, we have about 7 volunteers and need about 5 more, letters are available for volunteers
- Spirit wear: we will need to get a price list and order form for staff/families to order items such as hoodies, t-shirts, sweatpants and shorts. Mr Rowe will bring in the order form/price list next meeting for approval and they could potentially go out with the report cards February 16
- CPIP was applied for but because we got money from them 5 years ago for the playground we may not get it
- The Church does not have a license for movie nights. Greg checked into it and it will cost around \$300 through ACF film for a license which gives us a movie before it goes to DVD as well as a wide selection of other movies. Shannon Smith made a motion to apply for this license using Council funds to pay, Kae Sweeting seconded and all approved. All agreed to try to get Moana for the first movie night in February. We also need to make sure our insurance hasn't expired, if it has we will need to renew.
- Next meeting we will discuss times for a sub-committee to meet to set up the "Grader" night.
- In regards to the division of the Christmas Concert night, there has been some issue with the organization of two nights. Council could either volunteer to help with this or we could even try to get a different venue with more seating such as the Church or PJ School, we will look into this further.
