

School Newsletter June 2017

Collection of Campbell's "Labels for Education" over numerous months has resulted in an accumulation of credits which were recently redeemed for recess playground equipment.

Soccer, basketballs, and frisbee's recently arrived and were prepared for student use by M. Bowslaugh, Mrs. Hyde-Dawson, M. Bard, L. Cody and S. Squires. Thanks to so many families who continue to send in these labels.

Students showed athletic skills and dedication last month in both the Intermediate Badminton Team coached by Mrs. Jacobs and Mrs. Bowslaugh, as well as in our school's Track and Field meet organized by Mme Lea and Mr. Forbes. All grade 4-8 teachers supported the day by leading an event. Congratulations to all students. Overall award winners will be recognized at the year-end assembly. Thanks to all the teachers who supported these two activities where so many students' skills shone!

Canada 150 is an area of focus for us this month. Recently, students presented a large group dance they have been practicing for a few weeks. The dance was choreographed by the National Ballet School of Canada. In addition, all students have decorated a maple leaf. These will be on display on bulletin boards in the gymnasium hall. Take a look as you proceed to the Bulldog Blast Illusionist show! Lastly, Spirit Squad has organized a Canadian trivia question every day for colour house points!

On May 15, the EcoSchools organization came to our school to complete their assessment of our school efforts to promote ecological stewardship. The organization was very impressed with the various initiatives throughout our school in this area. Thanks goes out to Ms. Stewart, Miss Holwerda, and the students of the EcoClub who lead the school in meaningful ways. Their words and actions continually remind us that one person can make a positive impact on the environment. Congratulations to the staff and the entire student body for all their hard work this year in being more environmentally conscious. You have made a huge difference! Much appreciation also goes out to the many students who have rejuvenated our front flower beds and tidied up the playground fenced-in area. The gardens embraced the perennial donation!

Dates to Remember
