

November

This month in our literacy block we have been busy!

Reading: We began our online reading program. Some of the students have yet to login and use this - I would encourage you to use this program nightly as it is an essential tool for your child's reading growth. We are working on diphthongs, diagraphs, blends and long vowels when decoding new words.

Writing: We are working on proper letter formation, size and reversals daily. We are studying the use of capital letters and determining what needs a capital when we are writing. Please encourage your child to use proper capitalization if you see them writing at home.

Spelling: Please study your child's spelling words at home with them. 10 new words are assigned at the beginning of the week and are tested at the end of the week. We are also working on transferring our knowledge of spelling words into proper spelling in our daily writing activities.

Math

We are skip counting by 1's, 2's, 3's and 5's. Ask your child to count by 3's and they will impress you!

We are working on place value, ordering numbers from greatest to least and number words to 100.

We will begin working on time using both an analogue and digital clock this month.

Visual Art

Your child has enjoyed working with lines and shapes and exploring drawing. We are working on shading when we colour.

Socials

Grade 2

Changing Family and Community Traditions

Grade 3

Living and Working in Ontario

Dates to Remember

20 -24

CCAT (Grade 3 Testing)

11 Remembrance day
