## Woodview Classroom News- January 2018

---

### January Events:

- 22 P.A. Day
- 26 Assembly – Cooperation Theme
- 26 Family Skate Night @ James Hillier Rink 6:00-7:30 pm

### Welcome Back and Happy New Year

We hope you all had a wonderful holiday season and are ready to get back to the routine of the school year again. We are excited to be back to continue our work with the students. James Hillier will host a Family Skate Night on the 26<sup>th</sup> providing the rink is still in good skating condition. You are welcome to join in from 6:00 – 7:30.

### Report Cards

The P.A. Day on January 22<sup>nd</sup> is a dedicated day for teachers to work on writing upcoming first term reports. Students have been working on a variety of subjects within language and math activities to address curriculum expectations. Reports will be issued on February 15<sup>th</sup>.

### Math Project

The students are all 'wild' about our math project to plan and build our own zoos. We will need some assistance with donations of empty boxes (cereal, granola bars, etc.) or containers (pudding, yogurt, margarine) that they can use to build their zoos following their blueprints. I anticipate this project will take us into mid-February, with a due date of **February 15**. If all goes well, we will showcase our projects the following week.

### Winter Wear

It would be beneficial for students to have an extra set of clothing at school for days when the snow/rain gets into and through their winter gear. Having an extra pair of socks is an especially wise plan as they tend to get wet most often. Being prepared for the weather with coats, boots, hats, mitts and snowpants is also crucial for our outings. Also, every student should have a pair of indoor shoes to leave at school so they are not wearing their boots throughout the day. Thank-you!
