

January News – Grade 3/4

Curriculum Connections:

Language:

Writing – Procedural Writing – Students will write detailed step by step, instructions.

Reading – We will begin a unit study on the novel Sarah, Plain and Tall. Students will develop comprehension strategies such as locating information, drawing conclusions and developing opinions.

Math: Multiplication and Division

Grade 3 – Facts up to 7×7 and $49 \div 7$. Solving problems that arise from real life situations.

Grade 4 – Facts to 9×9 and $81 \div 9$. Multiplying 2 digit by 1 digit. Multiplying and Dividing by 10, 100, 1000. Solving problems that arise from real life situations.

Science: - **Grade 3** – Growth and Changes in Plants

Grade 4 – Habitats (Grade 4s to Mrs. Wilson)

So far the transition of students has gone very smoothly. We are enjoying our time together!

Drama: UPDATE: Tableaux

The project in December was changed to create a still life tableaux of a variety of scenes due to time constraints.

Gym: Students will begin fitness and circuit training. Assessing their progress as we move through each week.

Welcome Back!

I hope that you all had a wonderful holiday season filled with family and friends.

Thank you for supporting our community through your generous donations to the Mitten Tree, Toy Drive, Toonies for Turkey's and the Cereal Drive.

Many people in our community benefitted from your kindness and generosity.

Mrs. Pelich

Volunteer Online Forms:

Anyone wanting to volunteer with the school board has to complete an online form. The link to this form can be found in Mrs. Marry's January newsletter online. It must be completed by **March 30, 2018.**

This includes people wanting to help on class trips. Thank you.

Extra Clothing Items!!!

Please send in extra mittens, socks and pants so that students have extra dry clothes to change into if need be.
