Dear Families,

Hagersville Elementary School is scheduled to have a small driveway excavation week of March 5, 2018. The projected time frame is approximately one to two days for completion, but may take longer due to the weather at this time of year.

Please be aware that the safety of staff and students is our priority and safety precautions have been established. Given the small area being repaired, there should be no changes to access to school or parking. The work zone will be fenced off and visible so students know to avoid that particular area.

Thank you for your patience during the excavation.

Sincerely,

Janice Hughes
Principal, H.E.S.
