Secondary School Boundary Review

Grand Erie's Administrative Procedure FT119 – Boundary Reviews guides our process.

- A review of the secondary school catchment areas for the Caledonia area has been initiated by the Board of Trustees after consideration of long term accommodation forecasts and recommendations from the Board's Quality Accommodations Committee
- This public meeting is being held to share enrolment and pupil accommodation forecasts for this area and to share proposed boundary changes to address enrolment pressures

Secondary School Boundary Review

- A working group as set out in FT119 will review information about the proposed boundary changes and feedback received from the school community and report back to Executive Council with a recommendation to the Board for boundary considerations.
- A report based on this feedback will be prepared by Senior Administration with a final recommendation for consideration by the Board of Trustees at the June 2017 Committee and Regular Board Meetings
- The final decision of the Board will be communicated to the school communities through the Board's Website and the school newsletters.

Managing Capacity Surplus

- McKinnon Park Secondary is operating at well over its designed capacity with 14 portable classrooms in use while Cayuga Secondary is operating at 53% of capacity and declining.
- The McClung Road residential development will put additional pressure on McKinnon Park accommodation.
- A boundary change is proposed to assign the new development and adjacent areas to Cayuga Secondary.
