Purpose:

The personal use of some items by employees may be permitted as long as there is no consumption of school system supplies and/or materials and if there is no additional cost to the school system. These items may not be used for personal gain, for more than incidental personal use, for private business, for product advertisement, political lobbying, or activities contrary to the law. Incidental is defined as not more than three times per piece of equipment in five years. Use of any equipment will be denied if the use negatively affects the normal operation of the school.

NOTE: the above does not apply to personal electronic devices issued to the employee (i.e., laptop, tablet, notebook, cell phone etc.)

2.0 Vehicles and Motorized Non-Licensed Vehicles

Private use by employees or public use by community members is strictly prohibited for all board-owned vehicles including motorized non-licensed vehicles (e.g., riding grass cutters, snow clearing machinery, etc.)

3.1 The personal use of shop or custodial machinery, tools and equipment, whether belonging to Facility Services Department or to a classroom, is not permitted by employees, students or community members.

3.2 In certain circumstances, however, employees who are trained and licensed in the use of shop equipment for their daily job and, who have demonstrated proficiency in the safe operation of the equipment through their daily job, may be permitted access for personal use with authorization from their supervisor, using the form attached.

3.3 Portable power and hand tools, ladders and scaffolding are not to be removed from board property.

4.0 Audio/Video & Information Technology System Equipment

Employees may request personal use of this equipment, using the form attached.

5.0 Replacement and Repair

All equipment permitted for use is provided in "as is" condition and employees using it will be required to replace any lost or stolen equipment at equal or greater value or will be required to pay for repairs. Obvious defects or marks on equipment should be noted

at the time of loan and recorded on the application form. The site supervisor will determine appropriate repair or replacement standards for damaged items. The site supervisor will determine appropriate replacement standards for items that have been lost.
