

# School Messenger to Families

---

Good afternoon, Thompson Creek Families,

This is Principal Caitlin McVean. I'm reaching out today on behalf of Student Transportation Services Brant Haldimand Norfolk. This is an important message for families that rely on bussing to get to and from our school.

Due to the impacts of COVID-19, Student Transportation Services has a driver shortage. Starting Monday, families who rely on transportation in parts of Brant, Brantford and Haldimand will experience service disruptions with route cancellations that impact students at our school.

To manage the impact, Student Transportation Services has created a schedule of rolling two-day route cancellations between September 14 and October 9. By sharing these route cancellations in advance, they hope families will be able to make alternative arrangements for transportation.

Thompson Creek staff will work with families directly impacted by these cancellations to ensure learning continues from home.

Student Transportation Services deeply regrets the impact this will have on Thompson Creek families.

To find the list of route cancellations, see the attached schedule or visit [www.granderie.ca](http://www.granderie.ca)

For questions, please contact Student Transportation Services toll free at: 1-877-226-6353 or via email at: [transportation@stsbhn.ca](mailto:transportation@stsbhn.ca)

Thank you.
