PowerSchool 1(A) MCR3U - Functions and Relations

Grades: Comment Verification - M1

Class Grade: M1 Calculation: Category Weighting Grade Scale Type: (100 - 0)

STUDENT (26)	M1	COMMENT
1. Elizabeth	76 78%	Elizabeth has a solid understanding of all math concepts taught for this year. Elizabeth has difficulty understanding and solving word problems. Elizabeth needs to practice reading time on analog clock accuracy will improve greatly if she memorizes her basic multiplication and division facts. Math homework assignments are often handed in incomplete.
2. Noah	92 92%	Noah needs to memorize his basic addition and subtraction facts. Noah has a solid understanding of all math concepts taught for this year. Noah has difficulty understanding and solving word problems. Noah needs to practice reading time on analog clock accuracy will improve greatly if he memorizes his basic multiplication and division facts. Math homework assignments are often handed in incomplete.
3. Ethan	87 87%	Ethan has a solid understanding of all math concepts taught for this year. Ethan has difficulty understanding and solving word problems. Ethan needs to practice reading time on analog clock accuracy will improve greatly if he memorizes his basic multiplication and division facts. Math homework assignments are often handed in incomplete.
4. Ilya	94 94%	Ilya has a solid understanding of all math concepts taught for this year. Ilya has difficulty understanding and solving word problems. Ilya needs to practice reading time on analog clock accuracy will improve greatly if she memorizes her basic multiplication and division facts. Math homework assignments are often handed in incomplete.
5. Lucas	43 43%	Lucas has a solid understanding of all math concepts taught for this year. Lucas has difficulty understanding and solving word problems. Lucas needs to practice reading time on analog clock accuracy will improve greatly if he memorizes his basic multiplication and division facts. Math homework assignments are often handed in incomplete.
6. Jackson	77 77%	Jackson has a solid understanding of all math concepts taught for this year. Jackson has difficulty understanding and solving word problems. Jackson needs to practice reading time on analog clock accuracy will improve greatly if he memorizes his basic multiplication and division facts. Math homework assignments are often handed in incomplete.

Before printing your Comment Verification click the **More** link (**Less** should be displayed) for every student's comment.
